The meetings are being held in the auditorium of the Gainesville Graded and High School, and the opening session was attended not only by teachers from various schools of the county, but by many towns-people and visitors as well. The following program was rendered Thursday night:

Session was opened by invocation by Rev. Thos. P. Hay, which was followed by an address of welcome from His Honor, Mayor W. R. Thomas. The Mayor's remarks were received with a great deal of interest, as he bade the teachers and visitors welcome to the city. The response was made by Prof. G. W. Bonner in behalf of the teachers. Professor Bonner spoke briefly but with a great deal of feeling.

The evening's program was concluded with a most interesting address by Prof. Tom F. McBeach of East Florida Seminary, who commanded the closest attention. Prof. McBeath is one of the ablest scholars and orators in Florida, and what he had to say upon this occasion enlightened the teachers and New Orleans, where he went a few those present on many subjects.

Seeing the good the medicine was doing a friend who was taking it for Eczema, I commenced it, and as a result the eruption began to dry up and disappear, and to-day am practically a well man. Only two tiny spots are left on the elbow and shin, where once the whole body was affected. I have every confidence in the medicine and feel sure that in a short time these two remaining spots will disappear. S. S. S. is certainly a great blood purifier, and has done me a world of good.
